property, its required to be registered as a rental. The letter also provided all items to be addressed to be in compliance. Solicitor Seeley stated that there would be no liability to the Township as they did act on complaint by sending the letter. The property owner would be the liable party. He suggested that Mr. McCoy take pictures to prove the family was indeed living in the house. Mr. Sheppard stated that he was sure they have been there for about six months, as he saw both well and septic people (contractors) on the property, both projects would require County Health Dept. permitting. Mr. Sheppard advised Clerk to have Construction Official contact the Health Dept. for status. Mayor Bowman assured Mr. McCoy that the Township would follow up with this issue.

Mr. Rudy Badger appeared with questions concerning proposed Museum/ Historical Society Building, which will be constructed on Senior Center property. He questioned if the Historical Society would have its own restrooms and if they would be open at night time. Mr. Sheppard stated that the Senior Center restrooms would be available, only 14 feet away. Mr. Miletta stated that the Seniors would be welcome to look around at the artifacts in the museum and that the Historical Society would hold their meetings in the Senior Center, and the seniors would be welcome to join. Mayor Bowman stated that Mr. Sheppard is working with an architect for plans and hope to begin construction next year. Mr. Sheppard stated that the new building would be metal construction and a safe place for artifacts, available to be viewed by the entire community. Mayor Bowman stated that evening meetings would be coordinated with any events the seniors may have planned.

With no further public comments, the floor was closed, meeting adjourned at 8:00 pm, motioned Miletta, seconded Sheppard.
