Subject: Re: External Stakeholder Meeting - Forest Stewardship Plan Development
Attachments: Buckshutem_ForestInventory_2020.pdf; F2248_11x17_Activity.pdf; LenapeTract_ForestInventory_2020.pdf; Map_LenapeFP_Stand.pdf; ManagementGoals_Buckshutem&LenapeFSP_2020.docx

Hi all,

While I had hoped to have an in-person meeting with external stakeholders regarding the development of forest stewardship plans for the Lenape Tract and Buckshutem wildlife management area, it does not seem like that will be possible any time soon due to social distancing protocol.

As an alternative to our external stakeholder meeting, please take the time to review the forest inventories and stand maps for the proposed Lenape Tract and Buckshutem Forest Stewardship Plans. I've attached a word template to fill out your organizations management goals for these tracts. Once all management goals are collected, management prescriptions will be developed. I will reach back out with the draft management prescriptions for external stakeholder comment once they are developed.

I understand everyone's schedules are out of sorts at the moment. I am hoping to move forward with the development of these plans in two weeks time. Please return management goals by 06/22/20.

Thanks for your time and consideration,
Tyler

Re: Purchase lots, to make our existing lots meet possible buildable conformities.

To whom it may concern,

We would like to make offers on several lots that are adjacent to properties we own.

We own Block 185 Lot # 11, which has a utility easement in the middle of it that effects it's buildability, never the less we would still like to make an offer on lots # 10 & #13 for \$1,000.00 each. -

We own Block 185 Lot # 17, we would like to make an offer on the adjoining lots #15 & # 16 for \$2,000.00 each.

We own Block 185 Lot # 21 we would like to make an offer on the adjoining lot #20, for \$1,000.00.

Kurt and I would truly appreciated your feedback and help in this matter.

Sincerely,
Tina Lorton
